to collect a cess of one pie for every seer of salt issued to the ticket nolders of Maravanthi Fish Curing Yard who are the members of the above society. Most of the members of the society are poor illiterate fishermen who are not capable of managing their affairs independently. The Petty Yard Officer will be able to give proper guidance to the Society and improve its general condition without detriment to his legitimate duties. The collection of cess from the ticket holders who are members of the fishermen societies has been permitted by Government in the case of some of the societies and this system has proved to be beneficial to the members. The cess realised is credited to the account of the member concerned and adjusted towards his loan taken from the society or treated as his savings when he is not indebted to the society.
